ANCIENT SPIRIT, MODERN MIND

June 2021

Robert Dennis - Chief Councillor Report

Responsibilities	
1) Representing government in relations with other governments.	• Thursday June 3 attended 3 Nation meeting with Premier Horgan. • Wednesday June 9, I attended Capital Regional District meeting to explain 3 Nation declaration. • Also attended HFN Community Engagement Planning meeting and suggest agenda items, IRMP rollout, TMX Proposal
2) Representing government in relations with other indigenous organizations.	• On-going work with Dididaht and Pachiidaht to ensure self-determination right to manage forests in our lands. • Thursday June 10,202Tabled motion at First Nation Summit, BCAFN and Union of BC Indian Chiefs meetings to seek their support for our 3 FN IRMP. • Friday June 18 presented a forestry presentation titled “The Pathway to First Nations as Full Partners”. According FNFC CEO Charlene Higgins, the presentation was well received. • Monday June 21, attended and participated in Pachiidaht Indigenous Days. Was very exciting day. HFN done very well. Critical to have area FN to advance TFL 44 related issues. • Tuesday June 22, attended and participated in MFN Internal Government to Government Meeting. • Monday June 28 met with RHB to strategize on FN strategies related to TFL 44. • Tuesday June 29 attended and participated in the NTC Directors Meeting. • Wednesday June 29, attended and participated in Unioin of BC Indian Chiefs meeting.
3) Ensuring HFN citizens are fully informed on HFN issues.	• Urgent that we meet with citizens and elders to begin community engagement on IRMP.

	• Will set up meeting with Hawiih Council regarding CD Project and IRMP.
4) Developing and maintaining effective systems of communication with Huuayaht citizens and other governments.	• Tuesday June 1, attended HFN communication meeting to plot communication strategy for IRMP. • Participated in interview with Sarah Cox regarding Fairy Creek protest and the 3 nation declaration. • Our team is feeling that we are winning the PR battle and its reported that lot of protesters are respecting our declaration.
5) Protecting and enhancing Huuayaht aboriginal and treaty rights.	• The Integrated Resource Management Plan is about protecting and enhancing Huuayaht aboriginal and treaty rights. In particular the monumental cedar issue which is in the MFN FA.
6) Ensuring adherence to, and enforcement of, The constitution, Huuayaht legislation, Huuayaht policies	• Friday June 11, attended HFN community engagement planning session. CES are important part of HFN consultation process. • Monday June 14 attended two community engagement sessions virtually. Topics were, TMX issue, IRMP issue and Road update. • The team done a debrief on the CES, look forward to sharing that with EC.
7) Promoting and maintaining a sound Huuayaht economy.	• Moving forward, we need forestry to be part of our economic plan. Trevor and EDC are in the process of having a more diverse economy. A diverse sustainable economy cannot be achieved till the road is completed. Till then we will continue to have a reliance on forestry. • We need more value-added opportunities at home to promote citizens to move home. I met with Larry Spence to discuss value-added opportunities in the Hahoulthee of the Huuayaht Hawiih.
8) Promoting Huuayaht values, culture, traditions, and language.	• Wednesday June 9 was a very grounding day for me. I got culturally cleansed which helped me deal with my residential traumas. Other members of our leadership were also cleansed. Grounding with our Ancient Spirit is needed. When we do HFN 101 I want to add Chief Jack Peter's perspective on Ancient Spirit – Modern Mind. • Friday June 11 was a very important day to welcome HFN babies to our community. I suggest we do it culturally later this year when COVID 19 restrictions are lifted.

	• Tuesday June 22 to Friday June 25 were the four days that tliishin, wishkii and tlitsnitaht went to Kiixan to fast and prey. Hoping they found guidance to apply the Huuayaht Ancient Spirit to help us in the modern world. • Called the Hashilthsa to say the federal government introduced policy to establish residential schools and now the environmental movement is calling for the halt of all old growth logging to take the culture out of the Indian.
9) Ensuring proper management and administration of government.	• March 2, 9, 16, 23, and 30 – attended and participated in weekly COVID 19 meeting. • Provide email memo to Executive Director, Edward Johnson, John Jack to provide them a population estimate that may help in funding agreement negotiations. Also recommended a process to keep actual and current population and addresses.
10) Preparing for and participating in the Legislation, Executive Council and People's Assembly;	• June 17, agenda items Meeting deferral Totem Pole gifting Pre-approval of contract(s) • June 29 Specific Claim update offer Me Too Directive • June 30 – regular monthly meeting
11) Establishing the duties of a Councillor, including i. Establishing or dissolving portfolios, and ii. Assigning portfolios to r removing portfolios from Councilors;	• On going review and evaluation of portfolio holders. • Some items are lagging, will pressure portfolio holders where necessary.
12) Acting as the public spokesperson for the Legislature, Executive Council, and People's Assembly.	• Main focus was on the Pachiidaht, Dididaht and Huu-ay-aht Hishukmatsawak Declaration, this took much of time this month.

Emerging Issues

1. **Specific Claim – reviewed, considered, and approved motion to accept $6.3 M offer for the IR 1 Road Claim.**
2. **Me Too – provided directive to HFN team to implement Me Too strategy.**
3. **Three Nation Hishuk-ma-tswak Declaration approved by all three nations and communication strategy applied.**
4. **HFN Stumpage relieve strategy being developed and implemented with the main issue to join FNFC. Seek approval to purchase $5,000 membership.**

June 2021 Progress Report

Area of Responsibility:

Citizenship

Citizen Development Committee

Progress on Achieving Key Initiatives

- This is a very powerful article from Mitzi Dean regarding Indigenous children and youth in care and her government's commitment to keeping children with their families. Link here https://news.gov.bc.ca/releases/2021CFD0057-001130
- Unsuccessful citizen development committee meeting due to not making quarum.
- Community engagement sessions where we presented on culture and language.
- Would like to present to our hereditary leadership on how our Children's Family and Wellness department is doing by giving a brief update on 30 recommendations and evaluating on the Social Services Project while at the same time getting a statement for a press release. Would like to present to before end of July.
- Had a successful Nananiiqsu meeting this month.
- Hoping to set up engagement sessions with our elders in all communities' homelands - Port Alberni, Nanaimo, Victoria and Vancouver HFN by request of the chief counselor.
- Biweekly Huu-ay-aht Coordination Agreement table meeting where we presented the Social Services Project Evaluation to Canada and BC/MIRR. We will be presenting the Oomiiqsu concept at the next meeting.
- Huu-ay-aht Coordination Agreement table meeting. These meetings are bi-weekly. At this meeting we presented the Oomiiqsu concept (recommendation 26 from our SSP Report was very well received by Canada and British Columbia).
- Gave a letter of support to Alberni Community & Women's Services second stage housing project on behalf of HFN as per direction of HFN CEC.
- Internal pre-meeting before our NCN/RCMP Committee meeting where we talked about directions, priorities and strategies for our police committee.
- Monthly NCN/RCMP committee meeting.
- Attended a virtual Huu-ay-aht Baby Welcoming.
- Attended BC First Nations Children & Families Jurisdiction Engagement Session. We did a lot of talking about our social services project and were asked a lot of questions. There are a lot of First Nations that look up to us as leaders within child and family services. A lot of FN are working towards a similar path and would like to network and

connect with us regarding our project and next steps. It felt good to talk about what we are doing as a nation to ensure that our children are safe, healthy and connected and about bringing our children home. This will take time but we will eventually get there. Our goal is to have zero children in care and once we do have zero children it will be ongoing - there is no finish line. There are more children in care today than there ever was in the residential school era. The more we network...the more we learn…the more we grow…the more we heal… and the more children we can bring home.

Emerging Issues

- In need of new CDC member
- Press release for social services project evaluation
- Looking to start up our CCG meetings in person
- CES with Elders and EC
- CFW team meeting with Ha'wiih to give PP on CFW office, 30-R and Oomiiqsu
- Need to work on celebration of life for those that have passed on over the pandemic

Citizenship Committee

Progress on Achieving Key Initiatives

- Had a successful citizenship committee meeting June 11th, 2021. This is a monthly committee meeting by HFN law. Attached is the link for the Citizenship and Treaty Enrollment Act: https://huuayaht.org/wp-content/uploads/2021/04/Citizenship-and-Treaty-Enrolment-Act-2011-Official-Consolidation.pdf and our Recognition of Citizenship Regulation https://huuayaht.org/wp-content/uploads/2015/10/recognition-of-citizenship-regulation-01062452.pdf
- looking to have a face-to-face Citizenship Committee Meeting in August.

Emerging Issues

- zero

Education, Language and Culture

Progress on Achieving Key Initiatives

- Huu-ay-aht Baby Welcoming
- BCSA meeting
- I participated in a zoom info session regarding who we are as Huu-ay-aht and where we come from to EJ DUNN school over the past month. The students have been learning about Huu-ay-aht history which I thought was amazing.
- Indigenous People's Day celebrated in Pachidah FN territory. We were invited to celebrate the day by Jeff Jones. On this day we delivered and gifted a totem pole to PFN that was carved by Master Carver Ed Johnson senior. It was a wonderful day filled with song and dance.
- Participated in a 4-day fast/vision quest. This was at the request of our Tyee Ha'wiih Tliishins. This request was for Executive Council to re-connect to our ancient spirit.
- Cross Cultural Training Group with PA RCMP. President of NTC was looking for a chair to do with the RCMP. There was not much interest coming from NCN so I put my name

forward for chairing this group and Judith from NTC is going to get back to me on what is required. Then we can discuss the document with Mike Carey from the RCMP. Mike is the contact for the group.

- Attended Community Engagement Sessions where the Director of Children and Families and I presented PowerPoint on Culture and Language
- Took the KLl-kll-haa out this month. It was a nice day paddle out in the Bay. We need to do this more - at least once a week.

Emerging Issues

- Need to start virtual language classes with our current language speakers
- Need to take the canoe out at least once a week
- Need to set date to launch the new canoe.
- BCSA lunch program
- Coming up with a date for Huu-ay-aht Grad in the Fall.
- There has not been much interest in the language and history job posting. I am thinking that we need to create a position or multiple positions where we pay our language learners. This should be a full-time position or positions in order to be able to create language programs.
- Wanting to create a Cross Cultural exchange with Nuuchahnulth this summer to reconnect with our Nuuchahnulth. I think this can be done in August and make it a tradition where we pick a FN from Nuuchahnulth each year and we travel to each other's community by canoe.

Community Health

Progress on Achieving Key Initiatives

- Bi-Weekly Covid Update Meeting.
- Attended two Huu-ay-aht zoom virtual memorial gatherings for the 215. I suggested that we do something like many other nations are doing. My original thoughts were to have a candlelight ceremony and light 215 candles on the side beach back home on the homelands to honour the victims, families and communities of the 215 remains found around the Kamloops Residential School area. Then having a vigil for survivors in the evening to send out some prayers and perhaps a chant and some songs. It would be an opportunity to release knowing that there are a lot of people getting triggered by the outcome in Kamloops. The gathering would be follow Covid rules with everyone wearing masks. I was thinking we could invite our neighboring community and ask our citizens to bring their feathers, regalia and drums with all our survivors of the Residential Schools practicing safety, masks and social distancing. This can be in family or household groups. I was thinking this can be done on our homeland on the beach - perhaps our gazebo with supports in place.

  However, after talking with our HD/ED and looking again at BC's Restart Plan it was decided to postpone the outdoor vigil until after June 15/21 because the outdoor limit at that time was only 10 people; after June 15, it is 50 people. I love the idea of an outdoor vigil but safety first. See the link below (The British Columbia government has allocated $12 million to support First Nations throughout B.C. with investigative work at former residential school sites, as well as cultural and wellness supports for communities and members experiencing trauma from residential school site findings.)

https://www.fnha.ca/about/news-and-events/news/province-supports-first-nations-with-residential-school-sites-response?utm_medium=email&utm_campaign=FNHA%20Heat%20Wave%20Response%20%20Residential%20Schools%20Investigation%20Funding%20%20Community%20Water%20Grants%20%20and%20more&utm_content=FNHA%20Heat%20Wave%20Response%20%20Residential%20Schools%20Investigation%20Funding%20%20Community%20Water%20Grants%20%20and%20more+CID_6558fc739763895bc0b32f9bbe5fd14a&utm_source=Email%20marketing%20software&utm_term=Read%20more

- Attended Tseshaht First Nation candlelight vigil at the former site of the Alberni Indian Residential School on June 1st and 7th. See article link from the Ha-shilth-Sa https://hashilthsa.com/news/2021-06-23/research-begins-unmarked-burials-alberni-residential-school-site
- Ongoing discussions and meetings with First Nations Health Authority regarding operations funding for the Oomiiqsu mother center. In the process of filling out application for funding. We will be working with our funding specialist and Director of Children's Families and Wellness for the funding. We are seeking and are very hopeful in the following funding - Mental Health and Wellness MOU Funding and Regional Funding Application from FNHA. We just need the First Nations leadership council to do their part in advocating for us. So far, it's been pretty quiet - going to have to start up conversations again with FNLC.
- Attended FNHA Townhall to acknowledge the news coming out of Tk'emlúps te Secwépemc. We heard opening remarks from Charlene Belleau - FNHC Chair, Colleen Erikson - FNHA Board Chair and an update from ISC/CIRNA Minister Marc Miller, Indigenous Services Canada and Minister Carolyn Bennett, Crown-Indigenous Relations and MMHA Minister Sheila Malcolmson, Ministry of Mental Health and Addictions.
- We briefly went over the Calls to Action Missing Children and Burial Information calls 72 to 76. Townhall meeting article on Calls to Action from 2015 can be found here: https://www.aptnnews.ca/national-news/read-the-94-calls-to-action-here/#:~:text=Read%20the%2094%20Calls%20to%20Action%20here%201,in%20the%20Legal%20System.%20...%20More%20items...%20

Emerging Issues

- Need to start up the conversations again with the First Nations leadership council regarding our Oomiiqsu project to do some advocating for us. I have met with them a few times - just need to keep on them.
- Need to develop some workshops for our citizens given the news of the 215 from Kamloops. There have been a lot of triggers and we need to do more to take care of our citizens. I will be working with our executive director on what the workshops will look like.
- We should look into Elders homes. They do not need to be Elders Care Homes but customizing our builds that are going on in upper Anacla to strategically place these houses to be surrounded by the community so that they can see the growth. These homes should be one level and easily accessible.

Other

- Bi-weekly executive council team meetings.
- CES one.

Council Report for John Alan Jack

May 2021 to June 2021

Note to Reader: This report will catch me up from May 2021 to June 2021. As a result, the first month being reported upon will not have emerging issues.

Finance – Progress Report

We were able to navigate the creation of the Budget reasonably well, but the loss of our CFO and the extended leave of our Executive Director have affected our operations and efficiency. We have since engaged with external support through MNP on the administrative side of things to allow for BDO to continue their Audit processes. I would note that it is very likely that we will not only miss the July 31 reporting date for the NTC, but that our own internal processes will be missed as well. We are realistically looking at early September at the earliest, or early October at the latest, for our audit process to be completed, reviewed and recommended to Council.

We have engaged with a headhunter for the filling of our CFO position: Waterhouse. They have informed us that the process will likely go past September and into October given that many good quality candidates will be on holiday during the weeks of July and August. We will provide an update to Council from Waterhouse on progress in August.

I'd like to personally welcome our Executive Director back from leave. There's a lot to do, and it's good to have a capable person back at the helm.

Alberni-Clayoquot Regional District – Progress Report

I continue to sit as the Chair of the ACRD.

In terms of the ACRD, there are three aspects of what goes on there that serve as an interest that HFN wants to keep an eye one: (1) cooperation and coordination with the Electoral Area of Bamfield, (2) coordination regarding COVID-19 considerations, and (3) interacting with the ACRD on areas of similar interest such as asset management planning, and expanded participation in areas like parks and trails. That second item is likely to continue being important well into this fiscal year, given that we don't know the full extend of COVID impacts and whether the spikes in the Delta Variant will continue to hit the United States and United Kingdom as hard a they are… With the Olympics around the corner, we need to maintain a level of threat awareness in regard to more variants and spread.

The ACRD is losing its CAO to the Regional District of Nanaimo. On behalf of HFN, I'd like to report that Douglas Holmes was a capable, flexible and resilient leader who helped create a very good foundation for meaningful reconciliation in the district. He will be missed.

Climate Change – Progress Report

[[Recently, I have been assigned the climate change file in my portfolio as an executive council member. So far, the progress has been research and engaging with a climate action workshop paid for by the Province. The steps to follow will be to advertise for membership of a Climate Change committee, the development of terms of reference, and then the work of reviewing measures we can take to address the regulatory and program aspects of climate change: reduction, mitigation, and adaptation. This will have different approaches in regards to the various departments within Huu-ay-aht, and will likely consist of discussions had at the relevant committee with myself as a visitor to start.

From there, I will work with staff to make (at least) quarterly updates to a committee that needs to be populated and then we'll put together recommendations for short, near and long term activities to make progress on climate change considerations.]]

To date, this is still the plan, but I did not see an advertisement go out for prospective committee members. So, I'd like that to come out of the meeting slated for July, 2021.

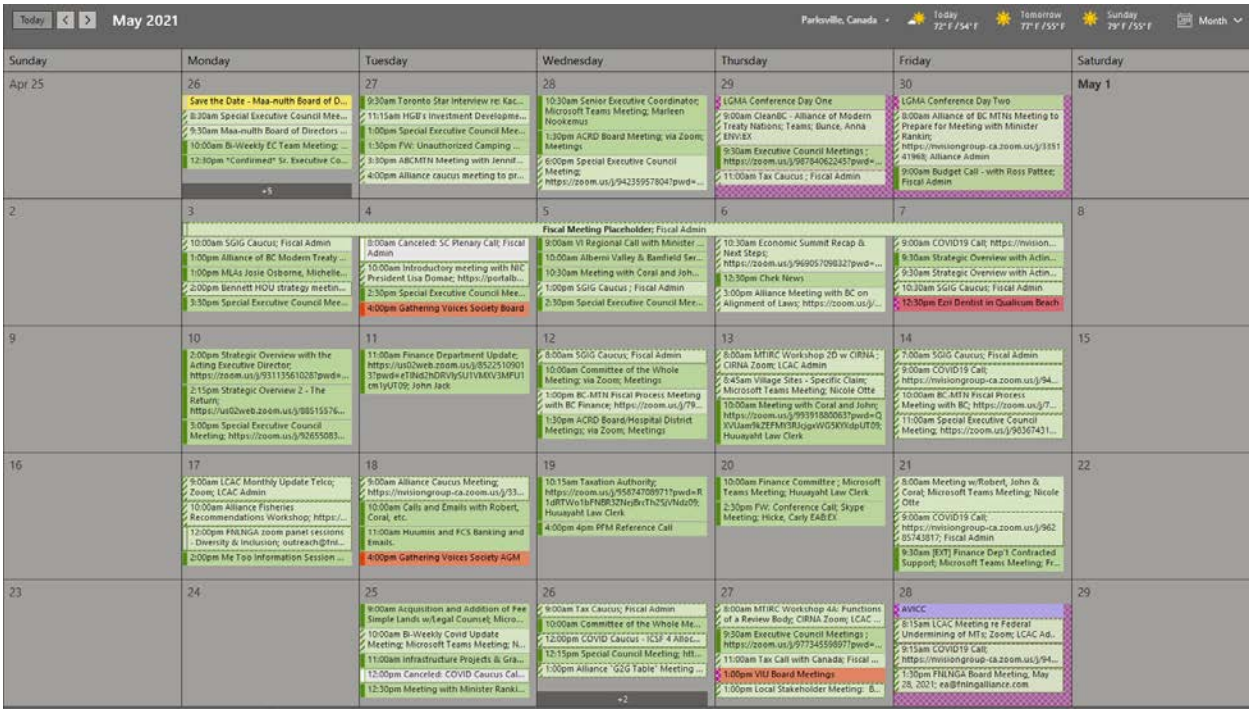

Law and Policy Development – Progress Report

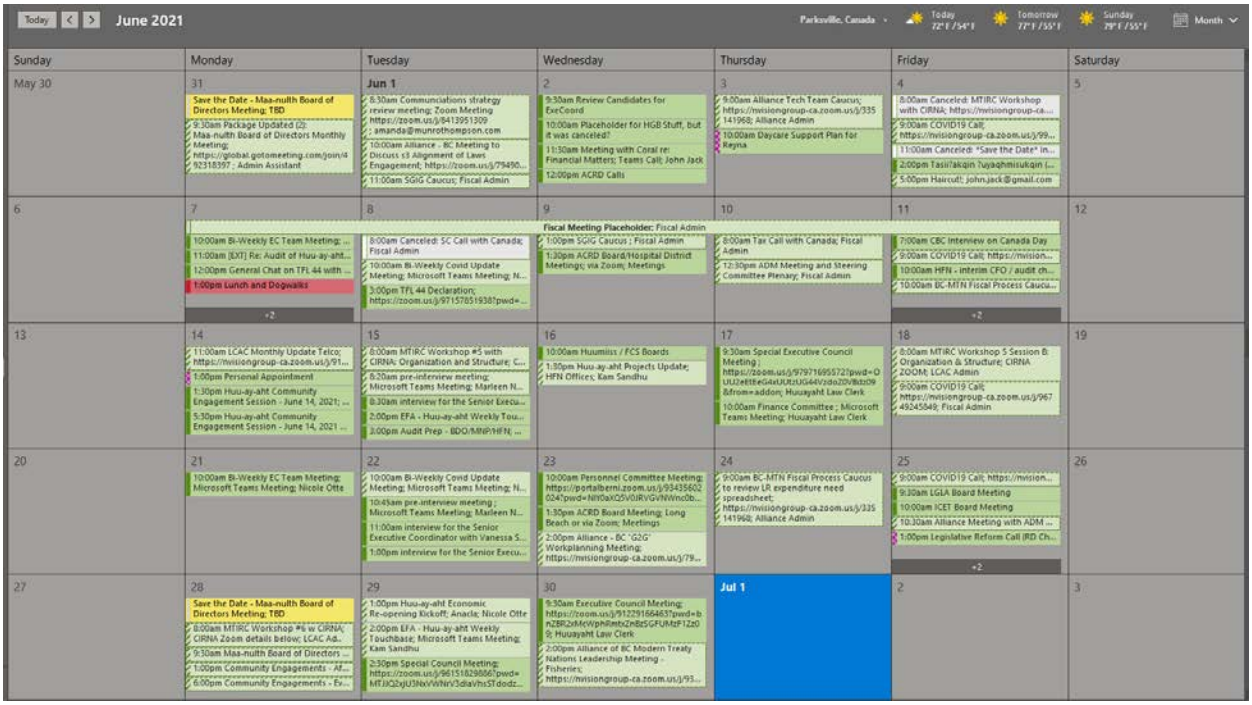

We have had meetings regarding the development of excluding dangerous persons from our community as well as development of things as simple as pet ordnances, and we are continuing development work on that. Executive Council has been communicating a need for an updated housing, social housing and other related items to be updated given the strategic shifts in desired outcomes. I am hoping to add restrictions on short-term rentals like AirBnB and the like to ensure that our housing is used for citizens who want to LIVE in our community first.

Huumiis Ventures LP and HFN Forestry Consulting Services LP

In the past few months, my time has been anywhere between 2/5th and 3/5th of my time. It's been significant, and a significant source of stress, but given the outcomes of our teams' efforts, it's been rewarding to see a better understanding of forestry on the Island and of indigenous rights.
