Please Help Keep Our Kids Safe Reminder

Since September, with students returning to school, there have been 4 incidences of other drivers passing the school bus when it has its lights flashing and the stop sign out.

The Motor Vehicle Act requires drivers to stop when approaching a stationary school bus with red lights flashing and a stop sign out. **You can not pass from either direction - even if you are not on the same side of the road.**

A traffic ticket for failing to stop for a school bus includes a fine of $368 and 3 penalty points.

In our situation where there are no RCMP present, a description of the vehicle and license plate of anyone passing the school bus will be provided.
