Brad and DeeAnna Dennis have invested over 20 years in developing a thriving family life by interweaving their Christian faith in Creator God with Huu-ay-aht teachings. This process has involved decolonizing their Christianity, learning from their Huu-ay-aht ancestors and using the tools they have developed in their professional practice as mental health professionals with children and families. Their workshops are designed to meet the needs of people with various learning styles. So they use stories, interactive exercises visuals, and scientific research.

IMPORTANT – RESIDENTS OF ANACLA
A reminder of the importance of reporting ALL incidents of wrongdoings or criminal behaviours to the RCMP.

Why is this important?

1. **The more reports that are received, the more resources will be provided.**
2. **If no one reports any incidents, the RCMP are of the belief that nothing is happening in the Community.**
3. **If you're the witness it's important that you report the incident to the RCMP. This provides stronger evidence, rather than only reporting it to the Huu-ay-aht Government.**
